

True to its mission, Arc International has created the Chef & Sommelier brand. A brand for connoisseurs, it has been designed to reflect Chef & Sommelier's identifying characteristics: innovation, expertise and sensory pleasure. The range is made from Kwarx, a new cutting edge material designed by Arc International's Research Centre. Kwarx combines the best qualities of all glass products providing: • Purity = Complete transparency • Bright = Never ending sparkle • Strong = Incredible resistance.

**Chef And Sommelier - Open Up**
