

TABLESERVICE

TABLESERVICE GUIDE

Table service plays an important part of the hospitality business. Fortunately, with Bunzl Catering Supplies you have all the answers to good table service at your finger tips.

SERVINGWARE

Beautiful presentation of food is the key in the hospitality industry. At Bunzl Catering Supplies you can select from a large range of platters, plates and serving trays, which will become the show pieces of your establishment.

BEVERAGE SERVICE

Bunzl Catering Supplies has an extensive range of insulated hot and cold beverage servers. From tea and coffee servers to water pitchers Bunzl Catering Supplies has a versatile selection to complement any dining room. The range also includes plastic and stainless steel servers which will last for years to come.

CHAFERS

A complete range of chafers and buffetware to create an atmosphere of fine dining. Chafers are made with solid brass legs, high mirror finished stainless steel and roll top covers needed for serving versatility. Plus these covers function as a wind guard in the full open position. Most chafers come complete with fuel holders, stand and food/water pans.

LADLES AND STEEL SPOONS

One piece ladles and spoons are engineered to provide a more accurate feel for both serving food and eating.

TONGS

Select from a range of tongs for all food types, including the ribbed gripping surface tongs and spaghetti tongs, which hold firmly without excess pressure. These tongs will lift even the most delicate foods including fish and pastry. You may need the heavy gauge stainless steel tongs. They are stronger and more rigid for heavy use.

INDUCTION COOKING

It is a fair assumption that induction will be the heat source of the future - especially in the commercial food production and food service environment.

Bunzl Catering Supplies can offer expert advice in all areas of induction application:

- Comprehensive kitchen stove specifications and layout
- Full buffet counter conversions including under-glass installations
- Comprehensive range of mobile table-top induction units
- Comprehensive range of commercial grade induction cookware
- Vast selection of induction buffet serving ware and utensils.
