Premium Centrefeed Hand Towel

Code	Description	UOM/Qty
PS1007	Premium 1 Ply Centrefeed Towel Roll Perforated, 190mm x 300m	Ct/4

Sugarcane Washroom Range

Manufactured to include sugarcane pulp (bagasse). Bagasse is the fibrous residue left over after the sugarcane has been crushed and the sugar extracted. The finished product is soft and has strong water absorbency; and more importantly: 100% biodegradable! Sugarcane bagasse compares favourably with common "tree-made" paper. Made from the residues of an annual agricultural crop by-product, it helps to reduce the commercialisation of our forests.

Sugarcane Toilet Tissue

Code	Description	UOM/Qty
PS1001G	Sugarcane 2 Ply, 400 sheets	Ct/48
