

3M

3M™ Flat Fold Particulate Respirators

- Low profile design provides good field of vision and easy use with safety glasses
- Unique 3-panel design accommodates greater facial movement and fits a wide range of face sizes
- 3M's proprietary Cool Flow™ valve effectively reduces heat and moisture build-up, making breathing easier (9322 only)
- Suitable for protection against dusts, mists, smoke and fumes generated from, e.g. certain infection control, handling infected animals and cleaning animal sheds
- Complies with performance requirements of AS/NZS 1716:2012

Code	Description	UOM/Qty
TM9320	P2 Non Valved, Bx/20	Bx/20
TM9322	P2 Valved, Bx/10	Bx/10

3M

3M™ Cupped Particulate Respirators

- Lightweight construction promotes greater comfort and may assist in increased wearer time
- Cupped shape and twin strap design has fewer pressure points for a better fit over a range of face sizes
- The adjustable steel nose clip provide a custom fit with a secure face seal
- Suitable for protection against dusts, mists, smoke and fumes generated from, e.g. grinding, drilling and cropping (P1 rating) plus welding, composting and cleaning animal sheds (P2 rating)
- Complies with performance requirements of AS/NZS 1716:2012

Code	Description	UOM/Qty
TM8710	P1 Non Valved, Bx/20	Bx/20
TM8812	P1 Valved, Bx/10	Bx/10
TM8822	P2 Valved, Bx/10	Bx/10

3M

3M™ Half Face Respirator 7502

- Soft silicone material for extra comfort and durability
- Ideal for working in hot and humid conditions or during prolonged use
- 3M™ Cool Flow™ exhalation valve and design helps reduce fogging when wearing eye protection
- Uses the 3M 2000, 5000 and 6000 series cartridges and filters (sold separately)
- Complies with performance requirements of AS/NZS 1716:2012

Code	Description	UOM/Qty
TM7502	3M Half Face Respirator 7502, Medium	Ea/1

4000 Series - Flat Fold

- Flat Fold respirators provide workers with an alternative to the cup shape disposable respirator.
- Individually packaged, the flat fold respirator, as its name suggests, folds flat, making it easy and convenient to store in your pocket when not being used.
- It's unique fold and hold mechanism, prevents contamination between use.
- The flat fold has lower breathing resistance and encourages longer wear time by improving wearer comfort.
- No staples makes this product perfect for applications in the food industry.
