\* ISO 11948-1 (Rothwell)

We recommend firm fitting underwear from all of the above products

(C)

## Sanisoft Charcoal Pads

Sanisoft odour absorbing, disposable pads are for individuals who do not require large absorbency but suffer from faecal ooze and the embarrassing odour associated with it.

- Peel off adhesive strip enables easy attachment to underwear
- Mini long has wings for greater protection
- Thermo bonded super absorbent pulp with gel crystals to contain faecal ooze
- Rapidly absorbing skin contact transfer layer for comfort
- Carbon and viscose odour absorbing core
- Waterproof backing

## HEALTHCARE

## Contenance Aids | Pull Up and Liners

## Abri-Flex Premium Pull Up

Abri-Flex continence products can be worn just like normal underwear, enhancing the user's feeling of freedom and dignity.

- High number of elastic threads ensures a perfect snug fit
- Super soft breathable textile-like exterior for comfort, allows the skin to breathe and is noise less so they are discreet
- Colour-coded printing allows carers easy product identification
- Discreet wetness indicator turns blue when wet
- Elastication in the crotch area ensures a snug body fit and minimises the risk of leakage
- Top Dry® layer allows rapid penetration of liquid
- A channel system in the absorbing core for rapid absorption and dispersion of liquid
- Odour system reduces the risk of unpleasant odours
- Leg barriers preventing leakage

Code	Description	Absorption (ml)*	Hip size (cm) <sup>^</sup>	UOM/Qty	Image
SA41070	Abri-Flex Plus XS1	1400	45 - 70	Ct/84	
SA41071	Abri-Flex Plus S1	1400	60 - 90	Ct/84

SA41075	Abri-Flex Extra M3	2200	80 - 110	Ct/84	(A)
SA41078	Abri-Flex Extra L3	2200	100 - 140	Ct/84	

\* ISO 11948-1 (Rothwell)

## Abri-Flex Special

The Abri-Flex Special is specifically designed for users:

- To fit their particular body contour
- During physical activity
- Preferring to wear undergarments with legs

Abri-Flex Special has an alternative shape and ultimate elasticity to suit individual needs.

Code	Description	Absorption (ml)*	Hips Size (cm) <sup>^</sup>	UOM/Qty	Image
SA41073	Abri-Flex Special S/M	1700	60 - 110	Ct/120	(B)
SA41076	Abri-Flex Special M/L	1701	80 - 135	Ct/108	

\* ISO 11948-1 (Rothwell)

## Abri-Flex Zero

- Super soft, noiseless and fully breathable exterior layer
- Reduced risk of skin problems
- Odour prevention
- Optimum security against leakage

Code	Description	Absorption (ml)*	Hip size (cm) <sup>^</sup>	UOM/Qty	Image
SA41080	Abri-Flex Zero MO	800	80 - 120	Ct/112	(C)
SA41081	Abri-Flex Zero LO	800	100 - 145	Ct/112	

\* ISO 11948-1 (Rothwell)

## Abri-Light

Abri-Light pads have a waterproof backing, hydrophilic core for rapid absorption of liquid and an adhesive back strip to secure to normal underwear.

Code	Description	Absorption(ml)*	Size (cm)	UOM/Qty	Image
SA41004	Abri-Light Extra	555	18 x 33	Ct/200	(D)
SA41005	Abri-Light Super	856	20 x 44	Ct/180	

\* ISO 11948-1 (Rothwell)

## Abri-Man Formula

The latest in male pads is the Abri-Man Formula pad which enables men to live a normal life, where worries about leakage and odour are a thing of the past. Abri-Man Formula is available in two different absorption capacities to meet individual needs. Abri-Man Formula 1 meets the needs of most men with light urinary incontinence and Abri-Man Formula 2 is for men with light to medium urinary incontinence.

Code	Description	Absorption capacity (ml)*	UOM/Qty	Image
SA41006	Abri-Man Formula 1 Pad	450	Ct/168	(A)
SA41007	Abri-Man Formula 2 Pad	700	Ct/168	(A)

\* ISO 11948-1 (Rothwell)

(A)

## Abri-Net

Stretch pants without legs designed to be worn with anatomically shaped continence pads.

- 75% polyester, 9% microfibre, 16% lycra.

Code	Description	Hips size (cm)^	Colour Code	UOM/Qty
