

# **Disposable Continence Aids**

# Global responsibility

## “The Swan” – The Nordic and European eco-label

The purpose of eco-labelling is a reduction of the impact of a product on the environment and health.

The criteria are based on an estimation of the entire lifecycle of a product, from the raw materials to the production and from the use to the disposal.

### Facts about the Swan

Swan-labelled products must not contain the following substances:

- PVC and Phthalates
- Perfume
- Lotion
- Skincare substances
- Medicin
- Nano material and fire-retardent agents

The Swan is an eco-label which was introduced by the Nordic Council of Ministers in 1989. With the increase of new possibilities the criteria will be tightened step by step.

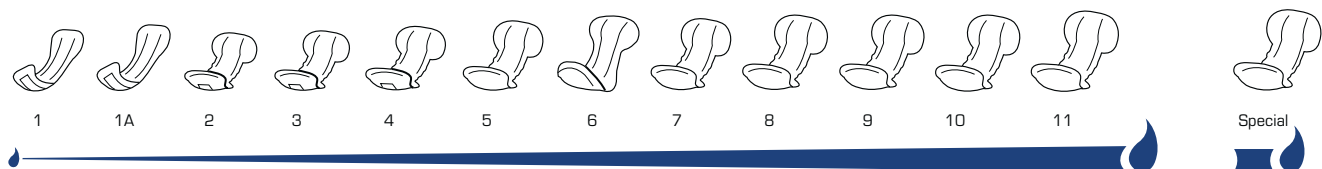

523 001

The labelling is positive and relative. The Swan Label thus indicates that the products burden the environment less than other corresponding products – without compromising performance.

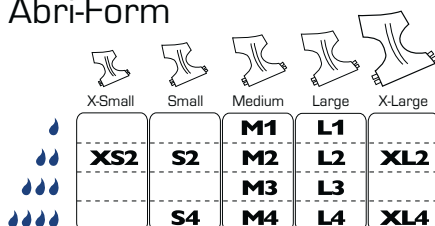

Abena is the only manufacturer of incontinence products which carry an official eco-label.

## Shaped Pads

**Abri-San Premium Air Plus & Abri-San Standard**

Abri-San disposable shaped pads are available in “Standard” water proof or “Air Plus” backing. State-of-the art Premium Air Plus technology textile-like back sheet, allows the skin to breathe, reducing the risk of skin irritation while feeling more comfortable to wear. The lighter pads have an adhesive strip that secures the pad to your own underwear. (Product codes SA9253-11 to SA9271-11)

The Abri-San Standard range has a water proof backing and like the Premium Air Plus product is anatomically shaped to meet demands of moderate to heavy incontinence. They should be used with our special fitting underwear for optimum security.

- Adhesive strip to secure to underwear on smaller sized pads only
- Maximum security and leakage guards
- Wetness indicator and graduation scale from Abri-San 5-11
- Special super absorber
- Top Dry® skin contact layer
- Breathable textile backsheet (on Premium Air Plus only)
- Awarded the Swan Eco label

## Faecal Incontinence Aids

### Sanisoft Charcoal Pad

Sanisoft odour absorbing, disposable pads are for individuals who do not require large absorbency but suffer from faecal ooze and the embarrassing odour associated with it.

- Peel off adhesive strip enables easy attachment to underwear
- Mini long has wings for greater protection
- Thermo bonded super absorbent pulp with gel crystals to contain faecal ooze
- Rapidly absorbing skin contact transfer layer for comfort
- Carbon and viscose odour absorbing core
- Waterproof backing

SA3536

### Abri-Flex Premium Pull Up

Abri-Flex continence products can be worn just like normal underwear, enhancing the user's feeling of freedom and dignity.

- High number of elastic threads ensures a perfect snug fit
- Super soft breathable textile-like exterior for comfort, allows the skin to breathe and is noiseless so they are discreet
- Colour-coded printing allows carers easy product identification
- Discreet wetness indicator turns blue when wet
- Elastication in the crotch area ensures a snug body fit and minimises the risk of leakage
- Top Dry® layer allows rapid penetration of liquid
- A channel system in the absorbing core for rapid absorption and dispersion of liquid
- Odour system reduces the risk of unpleasant odours
- Leg barriers preventing leakage
- Awarded the Swan Eco Label

SA4115

### Underlay

The disposable underlay is designed to protect operative, diagnostic or bedding surfaces from liquid contamination. They are available in a variety of ply and sizes, and sealed on 4 sides.

- Non-woven material prevents contamination from material fibres and lint shedding
- Coloured backing film is a low density polyurethane which is impervious to fluids
- Composed of economical, recycled tissue paper which lowers the cost
- Disposable nature of the product reduces cross contamination risks and protects and controls the workplace environment

BW757730	Super 30s	20	White	180 (6 x 30)	860	515

### TENA Men

TENA Men pads are designed specifically for the male anatomical shape. Individually wrapped for convenience and featuring Odour Control™, TENA Men offers discretion, comfort and security for light to moderate bladder weakness.

Code	Size	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW750755	Level 2	6	White	60 (6 x 10)	450	270

### TENA Pants Discreet

TENA Pants Discreet are thin and soft pull-on pants, specially designed to fit the contours of your body. Like everyday underwear, they are undetectable even under slim fitting clothing.

Code	Size / Waist (cm)	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW795200	Discreet Medium / 75-100	8	White	48 (4 x 12)	817	490
BW795300	Discreet Large / 95-125	10	White	40 (4 x 10)	817	490

### TENA Pants Normal

TENA Pants Normal are ideal for those who experience moderate urine loss but require a higher absorbency than TENA Pants Discreet. They provide greater protection due to *FeelDry™* technology and double leg cuffs.

Code	Size / Waist (cm)	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW790118	Normal Medium / 80-110	12	White	72 (4 x 18)	1100	660
BW790218	Normal Large / 100-135	14	White	72 (4 x 18)	1100	660
BW790315	Normal Extra Large / 120-160	16	White	60 (4 x 15)	1100	660

### TENA Pants Plus

TENA Pants Plus offer increased independence with total comfort and security. Designed for moderate to heavy urine loss, these pants are worn like normal underwear. The exceptional security is due to the *FeelDry™* technology and double leg cuffs.

Code	Size / Waist (cm)	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW791002	Plus Small / 65-85	18	White	56 (4 x 14)	1440	864
BW791102	Plus Medium / 80-110	20	White	56 (4 x 14)	1440	864
BW791202	Plus Large / 100-135	22	White	56 (4 x 14)	1440	864
BW791302	Plus Extra Large / 120-160	24	White	48 (4 x 12)	1440	864

### TENA Flex

TENA Flex has a soft 100% breathable material allowing the air to circulate for reduced skin irritation, and ComfiStretch™ elastics in the belt, improving user comfort. TENA Flex comes with *FeelDry™* offering rapid absorption and excellent retention for improved dryness. The unique belted design allows for easier application and reduced workload.

Code	Size / Waist (cm)	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)

### TENA Comfort

The anatomical shape of TENA Comfort pads provides two-piece protection when worn with TENA Fix pants. Featuring *FeelDry™* for greater confidence, the body-contoured pads offer outstanding comfort.

Code	Size	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW58254	Plus	4	Blue	80 (4 x 20)	1300	780
BW58256	Extra	5	Yellow	80 (4 x 20)	1800	1080
BW58255	Super	6	Green	80 (4 x 20)	2200	1320
BW58974	Maxi	7	Lilac	80 (4 x 20)	2600	1560

### TENA Fix pants

Washable stretch pants that retain their shape and elasticity even after many washes. A clear colour coded waistband makes it easy to identify the size.

Code	Size / Waist (cm)	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW754400	Small / 50-70	-	Yellow	25 (1 x 25)	-	-

BW756901	Extra Extra Large / 100-130	-	Green	1 (1 x 1)	-	-

### TENA Liners

TENA Liners are suitable for occasional leakage; they can absorb from a few drops to a small amount of urine loss. With an adhesive strip to keep them in place, TENA Liners are an easy way to achieve freshness every day.

Code	Size	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW2293372	Liners	1	White	360 (12 x 30)	45	25
BW2296697	Long	2	White	468 (12 x 39)	75	40

### TENA Super Shields

An anatomical designed pad, suitable for use in the management of light bladder weakness. It can also provide protection for minor faecal loss. An adhesive strip holds the pad in place.

Code	Size	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW2171236	-	3	Green	180 (6 x 30)	590	354

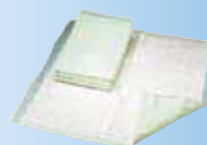

### TENA Bed

Code	Size	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW771201	60x60cm	-	Green	120 (1 x 120)	-	-
BW773800	60x90cm	-	Green	80 (1 x 80)	-	-

### TENA Tissue Underpad

Code	Size	Absorbency	Colour	Packing Ctns (Packs x Pieces)	Total Capacity (ml)	Working Capacity (ml)
BW00284	6 Ply Underpad	-	Blue	250 (1 x 250)	-	-
